

Coastal Cruisers

Being part of the Tour de Rocks ride, we are raising funds and contributing to the fantastic programmes and research projects that the Charity funds.

Since 2013, the Tour de Rocks Charity has appropriated over \$900,000.

What a fantastic effort!

We are proud to be associated with the Tour de Rocks and the great work they do.

Let's hope 2018 is another great year for the Charity.

Your support and fundraising is very much appreciated!
